Writing a medical research paper is similar to writing other research papers in that you want to use reliable sources, write in a clear and organized style, and offer a strong argument for all conclusions you present. In some cases the research you discuss will be data you have actually collected to answer your research questions.

Wakefield also failed to disclose conflicts of interest to The Lancet medical journal, which in 1998 published the research paper that sparked the MMR scare. The paper has since been withdrawn by The Lancet and discredited. The scare nonetheless led to a dramatic drop in MMR vaccination rates and a rise in cases of measles.
