He shows that any conception of human rights—and the idea of human rights itself—is historically specific and contingent. Since publication of the first edition in 1989, Universal Human Rights in Theory and Practice has justified Donnelly's claim that "conceptual clarity, the fruit of sound theory, can facilitate action. At the very least it can help to unmask the arguments of dictators and their allies."

Universal Human Rights in Theory and Practice on JSTOR

Human rights are equal rights; all people have the same human rights as everyone else. They are inalienable; one cannot stop being human no matter how badly one behaves or how monstrously one is treated. And they are universal in that we consider all members of the species Homo Sapiens as human beings and thus, automatically, holders of human rights. Human rights can be violated, ignored or abrogated and often are with impunity for the violators.
