## 'Tantalizing clue' marks end of Amelia Earhart expedition

That wasn't Earhart's only brave moment. Born in Kansas on July 24, 1897, she volunteered during World War I starting in 1917, treating wounded Canadian soldiers returning from the European battlefields. Nearby were pilot practice fields, where she discovered her passion for flying. After taking her first flight in 1920, she started working odd jobs to pay for flying lessons.
